

Make your artwork print-ready

For a seamless transition from design to print, we've crafted an easy-to-follow guideline!

1 Set up your file

Utilize the print area as the total size of your artwork and label it accordingly (e.g., chest.pdf).

300 x 350 mm

100 x 60 mm

100 x 100 mm

300 x 200 mm

300 x 200 mm

100 x 100 mm

2 Adapt your artwork

Specifications vary depending on the printing technique.

	Digital Full colour
colour	CMYK
vector	✓
pixel	✓
gradients	✓
min. font size	20 pt
min. object size	3 pt / 1mm

3 Export to PDF

Export your artwork to PDF format and ensure that your document **colors are in CMYK**.
